Brief Report

This audit report aims to assess the effectiveness of the current non-biodegradable waste management system at the Material Collection Facility (MCF) in Iritty Munciplaity- Athithattu MCF. The audit evaluates the processes in place, identifies compliance with relevant regulations, and assesses the overall operational performance of the facility in handling non-biodegradable waste. MCF plays a key role in the management of municipal solid waste, specifically for the collection, sorting, recycling, and disposal of non-biodegradable materials (e.g., plastics, metals, glass, and e-waste). As part of the municipal waste management system, MCF is responsible for reducing environmental impact by ensuring effective recycling, reuse, and disposal of non-biodegradable waste. Bhoomithrasena club volunteers initiated for this activity.
