Brief Report

the world environment day was observed by our volunteers in the true sense of the theme of the event, Land restoration, desertification and drought resilience. the members of the club gathered around 10 am and had a well focused discussion on how to restore the loss in flora of the campus affected by the recent construction works done in the campus. after various and diverse brain storming the members planned to reconstruct the herbal garden and and also to produce a better waste management protocol in the campus. the event was concluded at 11.30 am through planting a local breed of mango sapling as symbol of determination towards a sustainable ecofriendly campus
