Brief Report

In mid-December, five students, guided by the faculty coordinator, engaged in an official state-led survey at the Thalayolaparambu MCF (Material Collection Facility) centre. Accompanied by Harithakarma Sena volunteers, they visited waste collection sites by the local bus stand. Their objective was to systematically assess local infrastructure and document its functioning. Knowing this data would guide future policy improvements highlighted the club's alignment with DoECC's vision for data-driven extension activities.
