Budgeted Amount: **Rs 1400/-**	Total expenditure: **Rs 1040/-**	Balance: **Rs 360/-**

Brief Report

The BMC Club of KTM College of Advanced Studies organized an awareness program highlighting the relevance of environmental preservation. The session was handled by Dr. Riyas E. K. FIC, who delivered an insightful talk on the importance of protecting natural resources and maintaining ecological balance. He emphasized the role of students in fostering sustainable practices and encouraged active participation in environmental conservation efforts.

As part of the program, BMC members undertook a meaningful initiative by planting three saplings within the campus. One jackfruit sapling was planted along with two rose plants in the flower garden, symbolizing their commitment to a greener environment. The activity not only enhanced the campus greenery but also instilled a sense of responsibility among students towards preserving nature.
