Brief Report

Date:11-12-2024

Day 3

Microgreen

On 11th December 2024, the third and last day of the programme, botany students presented an awareness class about Microgreens, it's benefits and preparation. Students of zoology and chemistry department along with the teachers created a butterfly garden.

During each visit, maintenance of the kitchen garden was properly done along with waste segregation

On the final day, the students were recognized for their active participation. The felicitation ceremony acknowledged their efforts throughout the program.
