Brief Report

As part of the ongoing efforts to promote environmental consciousness and sustainability, a special program was organized in the college campus under the Bhoomithra Sena Club. The program aimed at enhancing the green cover within the campus and increasing visibility and awareness of the Bhoomithra Sena Club among students, staff, and visitors. The key activities of the day included planting a variety of trees at selected locations within the campus, contributing to the ecological balance and beautification of the surroundings. In addition to the plantation drive, a dedicated Bhoomithra Sena name board was placed prominently on the campus. This board not only signifies the presence of the club but also serves as a medium to spread awareness about the environmental initiatives undertaken by the institution.
