Brief Report

The All Kerala Paper Presentation Competition for UG students featured an insightful discussion on Microplastics in the Environment: Challenges and Perspectives. The presentation organized on 12th february 2025 at the seminar hall at 10 am. Participants explored the sources, distribution, and ecological impact of microplastics, highlighting their threat to marine and terrestrial ecosystems. The competition emphasized innovative solutions, such as biodegradable alternatives and advanced filtration techniques, to mitigate microplastic pollution. The event fostered scientific awareness and encouraged young researchers to contribute to sustainable environmental practices.
