Brief Report

In an effort to promote sustainable practices and environmental responsibility on campus, a **Bio Compost Bin** has been installed to process biodegradable waste into organic compost. This initiative reflects our commitment to eco-friendly waste management and greener living.We are honored to have our respected Principal lead this meaningful step towards sustainability. The inauguration marks the beginning of a campuswide awareness and action plan for responsible waste disposal and environmental stewardship.RS. 3000/- were spent for purchasing bio compost bin and the related items.
