Budgeted Amount: **Rs 5000/-**	Total expenditure: **Rs 5000/-**	Balance: **Rs 0/-**
Quantity of Water Conserved (in litres) :		

Brief Report

The Pond Cleaning Program was organized to restore the ecological health of a local pond and raise awareness about water conservation. Participants removed plastic waste, weeds, and sludge, helping to improve water quality and revive aquatic life. The program aimed to prevent pollution, support biodiversity, and promote community responsibility in maintaining natural water bodies. It successfully improved the pond's appearance and environment, encouraged sustainable practices, and educated participants on the importance of protecting freshwater ecosystems.
