Monthly Programme Report

College Of Applied Science Vattamkulam BMC

Institution Name: **College Of Applied Science Vattamkulam** BMC Code: **MLP/2009/03**

ProgrameTitle: **NATIONAL SPACE DAY**

Program Category: **Activity Oriented Programmes**	Activity Type: **Awarness Program**	No.of participants: **80**
Planned Date: **23-09-2024**	Renewed date: **-**	Program Date: **23-08-2024**
Budgeted Amount: **Rs 60/-**	Total expenditure: **Rs 60/-**	Balance: **Rs 0/-**

Brief Report

The event featured three major competitions: poster making, quiz competition, and drawing competition. The poster- making competition encouraged students to visually represent their understanding of space exploration, futuristic space missions, and planetary science. Participants displayed impressive creativity. Presenting thought-provoking ideas about space technology, interstellar travel, and human colonization of other planets. The quiz competition tested student's knowledge of astronomy, space missions. And ground-breaking discoveries made organizations such as NASA, ISRO, and Space X. It featured multiple rounds, including rapid-ire and visual rounds, making it both challenging and engaging. The drawing competition provided a platform or students to illustrate their vision of space, depicting astronauts, celestial bodies, space vehicles, and imaginative extra-terrestrial landscapes. The event fostered a spirit of scientific inquiry and creativity among students, making them more aware of the vast possibilities in the field of space research. faculty members appreciated the students' enthusiasm and dedication, acknowledging their efforts in making the events a success. The event concluded with a vote of thanks, where the organizers expressed gratitude to the faculty, participants, and volunteers for their support and cooperation.

National space day a CAS vattamkulam was a resounding success, inspiring students to explore and appreciate the mysteries of the universe. The event not only encouraged scientific learning but also motivated young minds to dream big and contribute to the future of space exploration. The enthusiastic responses from students and faculty ensured that such programs would continue to organized in the future, further nurturing interest in space science and technology.
